

# AG300

The AG300 aluminum heavy-duty floor grilles consist of a sturdy external frame in aluminum and a grille with fixed-bar blades that can be removed with the clips fixing.

#### MATERIAL AND FINISH

- Natural anodized aluminum
- Damper in galvanized steel
- Counter-frame and dirt trap in galvanized steel.

#### APPLICATION

Suitable for floor installation with or without counter-frame.  
Can be used both in supply and in return.

#### FASTENING

Lying flat on the floor.

#### VERSIONS

- AG300 with fixed bars with 0° deflection
- AG307 with fixed bars with 0° deflection and regulating damper
- AG320 with fixed bars with 15° deflection
- AG327 with fixed bars with 15° deflection with regulating damper

#### ACCESSORIES

- GT007 regulating damper with opposed multiple blades
- GR013 counter-frame holding the grille to fasten to the floor
- RP/AG dirt trap.
