

CT / CTA

CT counter-frames are the most traditional system for securing low, medium and high efficiency filters.

MATERIAL AND FINISH

- Frame in galvanized steel, th. 12/10.
- Shaped pre-stressed steel wire fastening clamps/tie rods.
- Neoprene gasket.
- Reduced-head fixing bolts.

VERSIONS

- CTS: in AISI 304 stainless steel.
- CTA: in aluminium with reinforced PVC angle bars.
- .. /80: to house filter/flange thickness 23 mm or filter thickness 48 mm.
- .. /100: to house filter/flange thickness 23 mm or filter thickness 48 mm.
- .. /130: to house filter thickness 98 mm.
- .. /150: to house filter/flange thickness 23 mm or filter thickness 98 mm.

APPLICATION

- Filtration walls in turbulent flows.
- Air handling units.

ACCESSORIES

- Foamed gasket.
